

QUALITY MADE IN GERMANY

Christiani Wassertechnik GmbH (CWT)
Selerweg 41
12169 Berlin, Germany

is hereby declaring that the following product

Prevents Scale and Rust

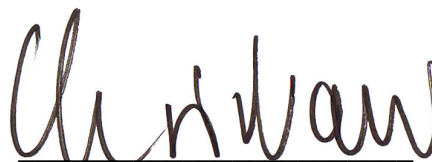

With all the models:

Vulcan 3000 / 5000 / S10 / S25 / S50 / S150 / S250 / S350 / S500 / X-Pro 1 / X-Pro 2
are made in Germany with high German quality standards.

CWT utilizes only the best materials complying with German quality standards. Therefore, CWT only allows the best materials to go into production. All parts are checked for functionality – from the smallest electrical component to the circuit board, castings, connection parts, specially designed impulse bands and the custom made plugs.

**CWT sources only materials that comply with the strict
German quality standards to produce excellent quality.**
